Professional Summary

At Office Cherifien de Phosphate, I optimized desalination systems, reducing energy consumption and improving performance by analyzing KPIs. My experience at Distri-Fer includes improving supply chain management and safety standards. Recognized as a team player, I turn challenges into strategic opportunities.

Experience

Internship Position

Office Cherifien de Phosphate, February 2024 - May 2024

- Contributed to evaluating desalination systems using key performance indicators (KPIs) to identify anomalies and areas for improvement.
- Participated in implementing solutions to reduce energy consumption and optimize resource use in the desalination process.

Internship Position

Distri-Fer, September 2023

- Participated in evaluating safety standards in the factory and proposed improvements.
- Contributed to supply chain management by monitoring inventory and analyzing demand trends.
- Assisted in setting up and monitoring the 'Sustainability & Energy' strategy.

Internship Position

University Hospital, September 2022

- Engaged in the biomedical department, responsible for checking and maintaining medical devices including patient monitors and ventilators.

Formation

EHEIO

Engineer - Industrial Systems Engineering, Manufacturing & Mechanical Design, Programming, Continuous Improvement (June 2024).

Preparatory Classes - Advanced Mathematics, Theoretical and Practical Physics, Engineering Sciences (June 2021).

FSO

First year in Faculty of science, Physics and Chemistry major (June 2019).

Nahda High School

Bachelor of Physical Sciences (June 2018).

Skills

MySQL	Strong communication and teamwork abilities	C++	Python	Merise	Use of programmable logic controllers	Interpretation of industrial plans and diagrams	Sense of initiative
Availability	Sense of responsibility	Dynamism	Team esprit	Pack Office	Strategic vision	Organisational skills	listening skills

Language

Arabe: Langue maternelle

Français : Intermédiaire avancé (B2)

Anglais : Intermédiaire (B1)

Hobbies and interests

Volunteering in community projects

Traveling and cultural exchange

Photography and videography
